Romania – the bridge between Western and Eastern Europe

Located in a prime geographical location in South-Eastern Europe (SEE), Romania is one of the fastest growing economies in the EU.

Romania is also the 5th most attractive manufacturing market in Europe and was ranked 12th globally, as one of the most competitive markets at the European level.

All this while the salary level, calculated by Eurostat at 6.9 Euro/ hour, is located at 75% below the EU average of 27.4 Euro/ hour.

The real estate market has vast potential and has been growing since 2014, attracting significant developments in all sectors.

The prime yields are very attractive, below the ones of the countries in the CEE region.

Bucharest – the economic engine of the country

Bucharest is the cultural, industrial, and financial center of Romania.

The city's strong economic growth has revitalized the infrastructure and led to the development of shopping malls, modern residential buildings, and business parks. Romania's capital city also serves as headquarters for more than 186,000 firms,

including international and all the big Romanian companies.

With **1,785,000 people**, the city had a GDP per capita of 35,522 euro in 2020, which represents 23,4% of the country's GDP/ capita and an increase of 4% in the last 15 years.
